PREFACE.

Population United States Census 1910	15,895
Population Police Census 1913	19,746
Approximate Census 1918	30,000
Approximate Census 1919	35,000

GREENSBORO, GUILFORD COUNTY, NORTH CAROLINA, in population is certainly second, if not first, in the State.

Greensboro is two miles square and fully one-third of its inhabitants live outside the corporate limits.

In May, 1913, a police census showed 19,746 inhabitants within the limits, three-year increase 3,851, or 21½ per cent—equivalent to 71 per cent. increase in ten years.

At this rate of increase Greensboro has more than 35,000 in the city and undoubtedly more than 15,000 immediately outside, served by street cars.

Many of its finest residence districts are outside the city, in addition to which there are fifteen factories, employing more than 10,000 people, also outside.

Greensboro is located on the main line of the Southern Railroad, 288 miles south of Washington and 361 miles north of Atlanta. Railroads radiate in seven directions within a radius of 100 miles of Greensboro. There are two and one-half million population, including some one hundred towns and cities, making it a splendid distribution point. This fact doubtless accounts in part for the fact that several hundred traveling salesmen, estimated by some as 1,000, make their headquarters here; and the further fact that so many diversified factories and jobbing houses are located here. This also doubtless accounts for the fact that it is frequently referred to as the "Gate City."

Greensboro is a delightful home city, splendid people, glorious all-the-year climate, its extremes of heat and cold would be called "mild" in most other cities, churches and schools that compare favorably with other cities of its class, while within a radius of twenty-five miles are located a number of the South's best known time tried preparatory schools.

Greensboro is governed by a commission of three men, who devote their entire time to the work; city owns its water works; a garbage disposal plant; many miles of

splendid paved streets; an opera house seating 1,250; and market house devoted exclusively to the sale of meats, which are under constant city inspection and supervision.

The country surrounding Greensboro is a delight to the eye, and 150 miles of improved roads leading from Greensboro in every direction afford autoists a great choice of splendid roads and an ever-changing panorama of pleasing scenery.

One of the most delightful trips to be found anywhere is the fifteen mile drive over concrete-asphalt road, no finer in the country, to High Point, our splendid sister city, located in Guilford County.
